

# TOUCH 8

*The latest in switch panel innovations*

## Product Description:

The **ACETECH™ TOUCH 8** is one of the latest items in the **ACETECH™** HMI product range, bringing greater control, efficiency and reliability to emergency service personnel around the world. It brings together many different high-tech features, all packed neatly into a compact 8" touch display. It works in conjunction with the powerful **ACETECH™ CONNECT** as well as the **ACETECH™ CONTROL** modules, and is further enhanced by our intuitive user interface design, eliminating clutter and confusion while providing the required controls where you need them the most.

## Product Features:

- Multiple switch environment with indexed, multiple paged set-up.
- Intuitive UI that enables richer user experience.
- Flexibility in aesthetics providing full control on the UI environment.
- Low Power Consumption.
- USB 3.0 port
- Analog video input
- GPS Functionality
- Built-in CAN Bus Connection.
- Internal 2W speaker.

## Technical Specifications:
